Carved Solutions ~ Personalized Living

Welcome to the most desired brand in personalized living!

Carved Solutions is a woman-owned company, lucky enough to call Vermont our home, and we have one mission ... to make gift giving personal again! In today's anonymous world, the art of gift-giving has changed dramatically. With so many mass-produced, overseas items filling our storefronts, it is more difficult than ever to find a gift that is intimately caring at every level. From thoughtful manufacturing to individualized attention with every personalization, our gifts create a one-of-a-kind experience that set us apart. We invite you to experience the difference for yourself!

Carved Solutions brings back the warm feelings of recognition, awareness & connection that are intended by every gift. Our Vermont-made soaps, candles, wooden cutting boards, pendants, ornaments, personalized photo canvas prints and our other USA-made luxury personalized gifts are outstanding in their own right. By adding a unique personalization with each item, you have the power to light up a smile and touch someone's soul.

Our distinctive products are the only brand worthy of your discerning taste. Serious personalized and monogram connoisseurs exclusively trust Carved Solutions to provide the most exquisitely carved and freshest products in the marketplace. Why? Because the entire Carved Solutions family is devoted to making gift-giving personal!

Our unique Vermont made soap and candle formulations are well-known to be addicting and intoxicating (perfect for those with scent & skin sensitivities). All of our collections are paraben free, 100% vegetable based, non-GMO, gluten free, phosphorus free, sulfate free, phthalate free, nut free and cruelty free. Our wooden boards are formaldehyde free and created with responsible state-side, forestry in mind. Our Argentium sterling silver pendants are nickel free, fire stain resistant, recycled and eco-source certified. When it comes to beverage ware we choose fine glassware made in the USA. Even our unbreakable beverage ware is made in the USA, BPA free and virtually unbreakable. We are the crafters and designers; from start to finish, Carved Solutions personally hand addresses & custom carves each and every product, in-house!

Your personalization is taken very seriously. From an initial or a monogram to a completely customized name or phrase, you can depend on Carved Solutions to deliver fast, top quality, authentically monogrammed and personalized luxury products. Carved Solutions, your answer to every gift-giving experience... holiday, hostess, corporate, appreciation, birthday, housewarming, wedding, showers, reception, event decor, favors and more!

A personal message from Dawn Lancaster...

Ever since Mike and I were high school sweethearts we dreamed of creating our own business. Twenty years later, Valentine's Day 2006, Carved Solutions was incorporated!

When it comes to those who touch my life with their heart and soul, I can't even put into words how much love and appreciation I have for them. From family, friends to co-workers, clients and vendors, every relationship is personal. Hence, the importance of creating thoughtful, personalized gifts. Gifting "personal" offers a "WOW!" experience every time. Being validated, seen and noticed for who we are is such a precious feeling in today's anonymous world.

Our key products are always USA made focused and created with planet and people in mind.

We care about you, your family and our environment.

From our family to yours, it is our goal that you find the same happiness, peace & love from our products as we do in making them.

With gratitude always,

Dawn

and the entire Carved Solutions family

Integrity Boards & Gift Sets

The quality of our INTEGRITY Collection is just as the name sounds! Each board is its own timeless keepsake. Quality made and prepared, a staple in every kitchen, celebrating every milestone, occasion and holiday. Presented in Yellow Birch with Walnut accents.

*See Pages 61-68 for Fonts, 69-74 for Graphic Choices and 75-78 for Prime Design.

INTEGRITY COUNTERTOP BOARD (#LWINCTOP)

Measures 20-1/2" x 14 x 1/2" thick

The best description of this board is contained in its name. It is a board which when used on the countertop has a multitude of uses. A large area cutting and chopping board, a serving board for lunch sandwiches, a pastry board, a buffet board. The list of opportunities is limited only by that for which you want to use it. Very efficient dimensions make the board area rich but have an easily handle weight.

INTEGRITY SUNBURST CARVING BOARD (#LWINSUN)

Measures 20" x 13" x 3/4" thick

Has been the carving board for an ever growing host of families for the last 25 years. All the grooves are cut to drain to the well. It has a medium weight and is easily stored.

***Our stainless steel cheese knife is the perfect accessory to add to our small & serving boards

INTEGRITY STEAK BOARD (#LWINSTK)

Measures 14" x 10" x 3/4" thick.

The perfect answer when a large board such as the Integrity Sunburst Board isn't required. It has a deep moat well, an attractive hole handle which allows for easy hanging and of course the other side, plain, ready to work for chopping and slicing. An all around board with great versatility. We recommend the use of the Steak Board in conjunction with the Sunburst Carving. As the carving is done the slices are laid on to the Steak Board for serving convenience.

INTEGRITY BREAD BOARD (#LWINBB)

Measures 14" x 9" x 3/4" thick

An ever popular board design which is well suited to work either as a bread board or chopping board. The comfortable handle makes easy work of the lifting of the board and the sliding off of chopped vegetables into a cooking pot.

INTEGRITY SMALL BOARD (#LWINSML)

Measures 10" x 6" x 3/4" thick

The ideal size of a board to have handy on the countertop or for keeping as a garlic and onion board. Excellent as a bar board and always welcome as a hostess or house gift. We call it the small board but it has ample sizing.

INTEGRITY LONG BOARD (#LWINLNG)

Measures 20" x 6" x 3/4" thick

It is fun to see folks look and handle the Long Board. Watching closely you can see the visions of a long baguette of French Bread or an obliquely sliced sausage or a selection of canapés come in to their minds eye. A board which serves tasks ranging from the cutting of celery and cucumber to the realization of those first visions.

E. Studio Personalized Cork Fabric Bags

CORK FABRIC HAND BAGS, HANDCRAFTED IN VERMONT

Cork comes directly from the bark of the cork oak tree. The bark is not harvested until the trees reach a certain maturity (generally between 25-30 years old and 24 inches in circumference). The cork oak tree is unique in that it regenerates its bark when it is removed so the tree is unharmed when the bark is harvested. Once a cork oak's bark is harvested, its bark is not removed again for another 9 to 12 years. During the fabric manufacturing process, the cork can be combined with other natural products such as straw or fennel to obtain unique patterning or it can be dyed to add color. Cork is a renewable, sustainable and vegan resource.

The cork fabric we use is produced in Portugal and does not contain polyurethane nor any animal derived ingredients. The cork manufacturer is officially vegan certified by PETA: People for the Ethical Treatment of Animals.

Please note that the cork patterning is natural and therefore not uniform. As a result, each item will be unique.

Cork fabric is often referred to as vegan leather. It is soft and supple but also durable, making it an ideal leather substitute. Cork is naturally resistant to dirt and dust. If items do become dirty over time, the cork fabric can be washed with warm soapy water and then allowed to air dry. The fabric will not stain or discolor.

Each and every client who walks into your store has a reason to give Carved Solutions; we make it easy, luxurious and always emotionally uplifting!

Wherever you are, with our signature 24-48 hour turnaround time, we can ship direct to your store, client or to their recipient or event!

Our cutting boards make you feel good! These planet minded, Vermont made boards are beautiful, functional and long lasting. Choose from our Every Day Collection or Master Collection featured in Yellow Birch and New England Ash, or our Integrity Collection featured in Yellow Birch with Walnut accents. Each board is custom carved, hand rubbed with our proprietary finish and formaldehyde free.

Quality and value ... Remember with each board you have two sides for the price of one. Consider keeping one side pristine as a buffet, serving or presentation board. Our samples start a conversation by offering your clients the ability to actually touch, feel, hold and intimately experience each luxurious board.
